

Doing Business with Rocket Software

Version.0

Last updated: Wednesday, June 26, 2026

Rocket Vertica Customers

Dear valued Rocket® Vertica® customers,

We're excited to take the next step in welcoming you to the Rocket Software family. Our team is dedicated to supporting you as you transition to our operational processes. Whether you need assistance with financial management, order placement, technical support, service delivery, product downloads, or license key management, we're committed to making your journey seamless.

This guide was designed to answer questions about how to work with Rocket Software **beginning July 1st and beyond**. If you have additional questions not addressed in this document, please email askrocket@rocketsoftware.com and we will respond as soon as possible. We're here to help you succeed.

The sections in this guide include:

- I. Legal and tax**
- II. Invoicing and payment**
- III. Professional services**
- IV. Relationship management**
- V. Technical support**

I. Legal and tax

- Beginning July 1st our transition services arrangement with Open Text for billing services will end. As a result, all future invoices will come from the Rocket Software affiliate entity that owns your contract following Rocket's acquisition of VERTICA on May 11, 2026, (the "Rocket Software Contracting Entity" or "RSCE").
- In order to determine your RSCE, you must know your Open Text contracting entity ("OTCE"), and refer to the table in Exhibit A. Please find your OTCE in Column A and update your vendor records/procurement system with the RSCE information provided in Columns B – D. Please note that in some cases, the RSCE will be the same as the OTCE, and therefore no change in the entity name, tax ID and banking details, but there may be a change in the entity's address or contact information.
- The RSCE that owns your contract as of May 11, 2026, has assumed all rights and obligations of your contract and the terms and conditions will continue to govern the relationship.
 - As a reminder, unless you have a separate written agreement with an RSCE, the Rocket EULA, support services agreement, professional services agreement, and all other licensing documents governing your customers' purchases can be found here: [Agreements | Rocket Software](#)

Tax matters

- Your RSCE may be in a different taxing jurisdiction than your OTCE. Invoices from the RSCE will include applicable sales tax, VAT, GST or similar taxes as required by law, if your "ship to" address is in a jurisdiction in which the RSCE is registered, unless an exemption applies. The country and Tax ID numbers for your RSCE are included in Column B of Exhibit A.
- *For US customers:* Requests for a Form W-9 for Rocket Software, Inc. can be sent to salestax@rocketsoftware.com.
- *For US customers claiming exemption from US sales tax:* If you provided a sales tax exemption certificate to the OTCE in Column A, this certificate will not apply to invoices issued by Rocket Software, Inc. Therefore, you must provide a new exemption certificate applicable to Rocket Software, Inc., which can be emailed to salestax@rocketsoftware.com. We strongly encourage you to provide the Rocket Software, Inc. exemption certificate as soon as possible to ensure that the exemption will be applied appropriately to your invoices issued after July 1st. Applicable sales tax will be charged if a valid exemption certificate is not on file at the time of invoicing.

II. Invoicing and payment

- For banking and payment information for your RSCE, please refer to Column C of Exhibit A. Remittances must be made in the currency identified on your invoice.
- For questions about your invoice or discussion regarding an overpayment, duplicate payment, credit balance, or a payment sent in error, email the Rocket Software accounts receivable team in Column D of Exhibit A. Please include your company name and invoice information (i.e., number, date, amount) as available.
- Purchase Orders: Effective July 1st, all purchase orders must be issued to the applicable RSCE listed in Column B. Submit POs to the PO email address listed in Column D of Exhibit A.
- If you require any support on setting up Rocket as a vendor or require any additional information for the setup, please reach out to vendorrequests@rocketsoftware.com.
- Refund Policy: Rocket Software does not issue refunds. If you have an issue with your products, please contact your partner manager, account executive, or renewal account executive. If you are not certain who that is or have difficulty reaching them, contact Rocket Software at support@rocketsoftware.com or 781-577-4323 (Direct) / 800-843-8057 (Toll-free), and you will be directed to your Rocket Software account representative.
- Invoices dated before July 1st, 2026, in the name of the OTCE, can be paid to the same bank account listed on the invoice. Invoices dated after July 1st, 2026, will be issued by the RSCE with the updated bank account information from Column C.
- If you need to change your contact on file due to personnel changes at your company, please send an email to the PO email address listed in Column D of Exhibit A for the respective RSCE and provide the following information:
 - Prior contact name (who is being replaced).
 - The new contact's first name, last name, email address, company name, and phone number.

III. Professional Services

1. Will the personnel who deliver my services be changing?

- We will continue to deliver our service engagements with the same level and quality of service using the same team you are engaged with today. Our intention is for your Rocket Software team to continue delivering your services together through the end of the contract period. All contractual agreements, including Master Services Agreements, will be honored in full.
- If a change within the Rocket team should become necessary, the Rocket Software Professional Services management team will work with you to ensure a smooth transition.

2. Will the method and frequency of project status checkpoints be changing?

- The method and frequency of project status checkpoints will not change from what you are accustomed to.

3. How do I initiate a new services contract?

- Your Rocket VERTICA Account representative is available to you and if you are unsure how to reach them, you can connect with Rocket Software with either of the options below.
 - Askrocket@rocketsoftware.com OR
 - 781-577-4323 (Direct) / 800-843-8057 (Toll-free) and you will be directed to your Rocket VERTICA Account representative

4. Who will be my primary contact for new service engagements?

- Your primary contact during a Rocket Software services engagement will be your Rocket Software Project Manager. At the start of your new services engagement, your Rocket Software Project Manager will introduce themselves and coordinate a call to discuss expectations and objectives of the engagement, determine next steps, and address any questions you may have.

5. Are there any changes to the service levels I have come to expect from OpenText?

- Rocket Software is committed to maintaining the service levels you have come to expect from OpenText. The Rocket Software team has your success at the forefront of every services engagement and is here to help in any way we can.

6. I am working with my VERTICA Account Representative on a proposed services engagement. Should I anticipate any impacts or disruptions?

- Your VERTICA Sales representative will continue to work with you to ensure continuity with the Statement of Work so that Rocket Software is prepared to meet your expectations once contracted.

7. I have received a Statement of Work from OpenText for a services engagement for our review and signature. Can this Statement of Work continue to be reviewed and signed, or do we need an updated Statement of Work?

- Please contact your Rocket VERTICA Sales representative to confirm the Statement of Work is valid for signature. It may require modification of the RSCE based on the date it was issued.

8. Will there be changes to invoicing for Professional Services?

- July 2025 invoices will be issued later in the month than usual. If you received services in May 2026 that will result in an invoice being issued in July 2025, you can expect to receive your invoice in the second half of July.
- Rocket Software's standard invoice schedule for professional services is to deliver invoices on or near the first business day of the month following services delivery. Rocket Software will honor alternative special billing terms through the end of the contract period.

IV. Relationship Management

1. Will the staff who supported me at OpenText still be available, including my sales contact?

- VERTICA employees are part of the Rocket Software team. In some of our APAC regions, your Account Executive may have transitioned. Most names and faces will be familiar, and some will be new. All are committed to ensuring you receive the highest level of service.

2. How do I reach the Rocket Software Partner Manager, Account Executive, or Renewal Representative assigned to my account?

- If you are unsure who to contact at Rocket Software or how to reach your Rocket VERTICA representative, any of the options below are available to help you:
 - Askrocket@rocketsoftware.com OR
 - 781-577-4323 (Direct) / 800-843-8057 (Toll-free) and you will be directed to your Rocket VERTICA Account representative.

3. I recently received a quote from OpenText; will Rocket Software honor it? Where do I send the POs or signed order forms?

- As of July 2026, any pending Sales and Renewal quote/order forms may need to be reissued with the correct Rocket Software Contracting Entity and PO remittance information if Rocket Software no longer supports the previous Contracting Entity. For in-flight Service engagements or future billing schedules for previously booked orders, a new PO will need to be issued with the new Contracting Entity if the previous Contracting Entity is no longer supported (please see the Table in Exhibit A in this document for the supported Rocket Software Contracting Entities as of July 1st.) Please contact your Account, Renewal or Partner Manager with any questions or concerns.
 - Renewal or new sales POs and signed order forms should be sent to your Account Executive, Renewal Representative or to the PO email address listed in Column D of Exhibit A.

4. What business transaction changes will I see?

- Business transactions, such as contracts, invoices, purchase orders and payments have changed since business operations have transitioned to Rocket Software's systems. Please see Section I for more information.
- **Quotes with New Terms** containing Rocket, Micro Focus/VERTICA or OpenText items generated on or after July 1st, will contain a URL to Rocket Software's EULA, support services agreement, professional services agreement, and other applicable licensing documents.

5. Who should I contact if I need to purchase additional products, licenses, or services, or if I have questions about my current licenses?

- Contact your Partner Manager, Account Executive, or Renewal Account Executive.
- If you are not certain who that is or have difficulty reaching them, contact Rocket Software at askrocket@rocketsoftware.com or at 781-577-4323 (Direct) / 800-843-8057 (Toll-free) and you will be directed to your Rocket VERTICA account representative.

6. Are there any product name or number (SKU) changes I should be aware of?

- There will not be any changes to product names or SKUs/Product Codes until July 1st. From that point forward you can expect to see Rocket Software branding with familiar product names. SKUs/Product Codes will change but will have a description that reflects your expected software purchase. If you have any questions about your software or entitlements, please reach out to your Account Executive, Partner Manager or Renewal Account Executive.

7. Does Rocket Software offer trials or proof of concepts? If so, how would I request one?

- Rocket Software does offer trials and proof of concepts. Please contact your Rocket Software Account Executive or Partner Manager for a Trial or POC.
- If you are unsure who that is or are unable to reach them, contact Rocket Software at askrocket@rocketsoftware.com or at +1 781-577-4323 and you will be directed to your Rocket Software account representative.

8. Can Rocket Software meet my full modernization needs?

- Yes, Rocket Software can now support you no matter where you are on your modernization journey. With the acquisition of VERTICA, you now have access to a comprehensive range of products and solutions covering the modernization continuum, spanning the mainframe to the cloud, all under one unified partner.
- We are committed to not only keeping but investing in and innovating the VERTICA products you know and trust, and that your business relies on. These products complement Rocket Software's existing portfolio and have been strategically identified to address significant market demands.

9. What languages will be supported for quotes and invoices?

- Quote documents and invoices will initially only be available in English.

10. What changes should I expect when communicating with the VERTICA team?

- You have seen email messages from your current contacts using their rocketsoftware.com email addresses. As of July 1st please use the Rocket Software email addresses for connecting with your contacts.
- Please email csm.connect@rocketsoftware.com with additional questions.

11. Can I follow Rocket Software on social media?

- You can find Rocket Software on these social media platforms:
 - <https://www.linkedin.com/company/rocket-software/mycompany/>
 - <https://www.facebook.com/RocketSoftwareInc/>
 - <https://twitter.com/Rocket>
 - <https://www.instagram.com/rocketsoftware/>

V. Technical Support

1. How do I contact Rocket Software customer support for VERTICA products?

- Your VERTICA products are now part of the Rocket Software portfolio and have the same dedicated support teams in place. You may contact VERTICA Global Technical Support (both for Business Support and Premium Support) through the Rocket Customer Community (RCC) at <https://www.rocketsoftware.com/support> .
- Phone support is also available. To find the appropriate contact number for your region, please visit the [Locations | Rocket Software](#) page.

For customers in the United States, Vertica Support can be reached at:

- **Direct:** 781-577-4323In
- **Toll-free:** 800-843-8057

2. How do I access my VERTICA products?

- Product Downloads are available through the Rocket Customer Community (RCC). Registration is required to access the portal. If you have not received a welcome letter, please follow these steps:
 - Go to the RCC Portal at <https://my.rocketsoftware.com/RocketCommunity/RCLogin>
 - After entering the URL, click “Sign UP”
 - Fill out the ensuing form and click “Request Account”
 - Rocket’s Customer Care Team will review the information provided and activate your account.

3. Can I still access the VERTICA Community Forum?

- The Vertica Community Forum will no longer be accessible. All historical community contributions may be migrated to Rocket Software Forum. You are encouraged to explore [here](#).

4. Will there be any changes to my service level agreements and commitments?

- No, there are no changes to your existing service level agreements or commitments.

5. How do I submit an enhancement request to Rocket Software?

- Enhancement requests for Vertica products should be submitted through the Rocket Customer Community (RCC). Please refer to the RCC access instructions above (question 2).

6. How do I request a replacement or an emergency license key?

- Beginning July 1st, 2026, license requests should be submitted via email to: licensemanagement@rocketsoftware.com. The License Management team will respond as promptly as possible.

7. How do I report a bug?

- To report a bug, please open a support case through the RCC (see access instructions in question 2 above). You may also contact support via:
 - Email: support@rocketsoftware.com
 - Phone: 800-843-8057.

8. What if I have more questions about obtaining Support?

- Write an email to support@rocketsoftware.com or call at 800-843-8057

9. Will I need to provide a product serial number when contacting Rocket Support?

- No serial number is required. However, you will need to provide your company name and relevant product details when contacting support.

10. How do I access product documentation?

- Effective July 1st, all product documentation is available at: <https://docs.rocketsoftware.com>. This content is available with or without an account.
- Creating an account will enable the additional functionality of creating and sharing content collection, sending feedback, and setting up a watchlist of documents.
