

Accelerating Move to the Cloud

Modernizing core IT systems using Rocket® Enterprise Suite*

Softlab S.p.a., a leading Italian information and communication technology company, joined forces with Rocket Software to help Groupama Assicurazioni move their critical claims management system from a mainframe to the cloud.

“It shifts the conversation from what might go wrong to how fast we can deliver value to the customer. With Rocket Software technology, we were able to propose a high-value project for the customer with a proven ROI.”

MATTEO LONGO, Practice Leader for Cloud Solutions, **Softlab**

CHALLENGE

Driving digital transformation and greater efficiency

Tasked with completing its cloud-first vision, **Groupama Assicurazioni had just 12 months to move its crucial claims management system to Google® Cloud**. The greatest challenge was ensuring this large-scale migration didn't interrupt day-to-day operations or compromise stability.

SOLUTION

Cloud migration made seamless with Rocket Enterprise Suite

01 Automated code review

Rocket® Enterprise Analyzer* quickly scanned the application's codebase, uncovering dependencies and potential issues early in the process so the team could address them proactively.

02 Accelerated productivity

With Rocket® Enterprise Developer*, engineers worked in a familiar environment, reducing ramp-up time and helping the team meet deadlines confidently.

RESULTS

Exceptional outcomes and dependable performance

12-month completion

Migrated 2.5M lines to cloud and retired the mainframe within 12 months

Early ROI

Achieved early breakeven and rapid ROI using automated re-platforming.

No significant downtime

Maintained uninterrupted cloud performance throughout the first year.
