Rocket software

Modernization.
Without Disruption.™

™

Rocket Software powers the world's largest and most innovative companies.

With Rocket Software, you'll experience the power of IT modernization, without disruption. We take the solutions that currently work for you and optimize them for added data mobility & flexibility, process consistency & efficiency, and business clarity & security.

We understand that modernization is a unique journey for every business, and that's why we meet you right where you are. Our approach is designed to elevate your business operations seamlessly, ensuring continuous progress with no interruptions.

Welcome to Modernization. Without Disruption.
Meeting you where you are in your modernization journey
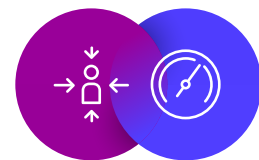

Hybrid Cloud Solutions

Best of Both

Seamlessly and securely integrate critical data and applications from on-prem mainframe and midrange infrastructure with the cloud to enable greater flexibility, scalability, and optimal business performance that drives innovation.

Security & Compliance Solutions

Data protection and mainframe security

Cutting-edge security solutions providing regulatory compliance, vulnerability management, and penetration testing services utilizing a team of experts and proprietary technology to deliver customized security programs.

Skills & Efficiency Solutions

Do less to do more

Break down the barriers to IBM® i and Z® systems and build a solid foundation by automating systems and workflows, unlocking talent and resources, and building business agility across both system performance and workflow productivity so you can free up teams to accelerate innovation and experimentation.
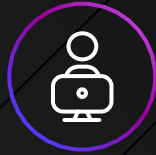

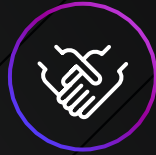

At a glance:

Founded in 1990

3,000+ Rocketeers

1,600+ Software engineers

750+ Partners

12,500+ Customers

19 IBM Champions

What our customers say about us:

> Without the help of Rocket's Professional Services team to get us started in the right direction, we would have been lost"
>
> **John Waldron,** Head of Operations, Hastings Mutual

> The relationship from proof of concept through implementation and beyond is unmatched. Rocket really puts their customers first, just as we do."
>
> **Kyriakos Christou,** Lead Developer, Hellenic Bank

> Rocket Software's knowledge of mainframe and distributed environments and the team's unmatched migration support were integral to the success of this complex project."
>
> **Serge Musso,** Project and Architecture Manager for the Z environment at CA-GIP
