

## ASG-TMON® PERFORMANCE ANALYZER FOR WINDOWS®

For Discovery, Analysis, Planning, Consolidation, Implementation, Monitoring, and Management of Windows Environments

### OVERVIEW

ASG-TMON® PA for Windows® uses agent-less, non-intrusive, low overhead server analysis technology to provide the sophisticated management needed to ensure peak performance and efficiency and identify critical system resource trends in an enterprise Windows environment. ASG-TMON® PA for Windows® provides automated, enterprise-wide collection, analysis, and reporting of performance metrics that bring clarity to complexity and eliminate risky and costly guesswork from capacity management and system troubleshooting.

ASG-TMON® PA for Windows® creates a common language and easy to understand vision of the enterprise, reducing risk and expense while improving performance through sophisticated, disciplined, enterprise-wide management of IT resources, regardless of platform. It strengthens organizational communication by providing clear, concise IT information on-demand and without human intervention, anywhere and anytime it's needed. The automation saves time and effort for IT staff, freeing it for higher-level planning and management work. And informed, timely analysis and enterprise-wide view enables IT to become a contributing partner in seeing, setting, and achieving strategic business goals and objectives.

### BENEFITS

- Non-intrusive, low-overhead architecture requiring no agents
- High scalability, allows central management of systems regardless of size, even if managing multiple systems with thousands of servers and workstations
- Fastest deployment and time-to-value in the industry
- Fully automated data collection, analysis, and reporting
- Provides trending and forecasting capabilities
- Ability to securely manage systems through firewalls
- Centralized control drastically reduces administrative overhead and human error
- Unique focus on historical trending takes the guesswork out of IT purchasing decisions
- Real-time access to Windows counters and availability alerting
- Includes browser-based report publishing option
- Exception analysis and alerts
- Built-in analysis and reporting for popular applications such as Exchange, IIS, SQL Server, .NET, Active Directory, SNA Server, Terminal Services, Microstrategy, and more

## ASG-TMON® PA PORTAL - AN EXECUTIVE DASHBOARD

ASG-TMON® PA Portal provides cross-platform visibility to the entire enterprise IT infrastructure through a single, easy-to-use interface.

## ASG-TMON® PA ANALYST

ASG-TMON® PA for Windows includes ASG-TMON® PA Analyst, a powerful, Microsoft Windows-based analysis tool. ASG-TMON® PA Analyst is an easy to use desktop solution that simplifies access to charts and tools using an intuitive Navigator and Data Selector. Here is a sampling of just a few of ASG-TMON® PA Analyst's features:

- Chart Customization is simple using ASG-TMON® PA's SmartChart point and click feature. Change the charts to reflect specific needs. Add notations, change the colors, styles, etc.
- Powerful Scripting allows reporting and analysis to be automated eliminating expense and tedium
- Web-based reporting makes it easy to put reports on the intranet or extranet for on-demand access
- Data Organization - Keep data organized by system and period to efficiently handle months, weeks, and days
- Platform Integration - ASG-TMON® PA Analyst integrates all the platforms right in the same analysis tool. Learn it for one platform, learn it for all platforms.
- Desktop Integration - Results can be saved, printed or exported to spreadsheet or presentation packages with point and click ease

## ASG-TMON® PA PORTAL BENEFITS

- Gain insight into the entire infrastructure via the web-based dashboard
- Produce sophisticated role-based reports and view resources by service, line of business, location, application, and more
- Quickly identify current and future problem areas
- Capture a snapshot of hundreds or thousands of multi-platform systems
- Compare and analyze key indicators across platforms to monitor performance
